

SaaS \$0â†’\$5k Launch Pack â€” Lead Magnet

Title: How to Book Your First Paid Customers for SaaS with \$0 Ad Spend (7 Quick Steps)

Intro (40â€”60 words): You donâ€™t need a budget to prove product-market fit. Use targeted outreach, a one-page offer, and a micro-delivery that creates customers fast. This short guide shows a repeatable, 30-day playbook to take a simple SaaS from zero to \$1k using only free channels.

The 7 Quick Steps (actionable) 1) Pick a narrow vertical and job-to-be-done (example: â€œproject management tools for 2â€”15 person digital agenciesâ€). 2) Build a one-page offer: outcome, timeframe, price (example: \$299 for 1 conversion audit + 1 quick fix). 3) Create a 50-target prospect list (LinkedIn + company site) and capture contact points. 4) Send a 3-touch personalized cold-email + 2-touch LinkedIn DM cadence over 7â€”10 days. 5) Offer a low-friction deliverable (audit, sample, demo) and ask for a \$1 paid pilot or \$299 quick-win package. 6) Book demo â†’ deliver quick win â†’ ask for referral / testimonial. Aim to close 2â€”4 deals in 30 days. 7) Convert repeat buyers / upsell implementation services or monthly retainers.

Quick scripts and templates are in this pack. Use the Notion SOP to track outreach sequences, replies, conversions, time spent, and revenue.

Why it works (one paragraph): SMBs and niche SaaS buyers respond to clear outcomes and low-risk offers. By focusing on a vertical, you increase credibility and reply rates; by charging a small fee you filter tire-kickers and create urgency. The pack gives copy and process you can run manually for the first customers, then automate later.

Included (what you get): - 3 cold-email messages + follow-ups - 1-page pitch-deck outline (PDF-ready) - Notion SOP for outreach + tracking template - Landing page HTML (drop-in) + launch copy (tweet, Reddit post, DM script)

How to use this lead magnet 1) Convert this file to PDF and link it as a free lead magnet or gated sample.
2) Use DM/email templates to convert free leads to paid quick audits.
3) After first 3 paid sales, publish testimonial snippets and increment price if demand holds.
